

TechnoFly

The High End Motorized Fly Screen System for Oversized Openings
by TechnoShade

Smart Window Solutions for Sustainable Architecture

TechnoFly systems are designed to be integrated within large-scale applications, for both retrofit and new construction projects. It is the ultimate Fly Protection solution for large and oversized openings.

Features:

- The Side Channel Assembly is vertically adjustable allowing to keep the system sealed even if installed on unlevelled walls.
- Holds the mesh tight, through a zipper locking device, preventing it from being removed whether by hand or wind.
- Increases access to natural ventilation and daylight.
- Includes motorized systems that are compatible with home automation systems.

Applications:

TechnoFly systems can be applied to:

- Panoramic windows
- Balconies & Verandas
- Curtain Walls
- Slide door systems
- Hinged windows
- Outdoor living spaces

Color Options:

TechnoFly systems are designed to match most of the finishing styles available. They can be powder coated, according to the RAL standard chart of colors. Other options like anodized colors and wood finishings are also available.

Mesh Specifications:

A Fabric using .014" diameter vinyl coated 420 denier polyester core yarns woven in the wrap and fill direction.

Textilene nano 55

Attribute	ASTM	Warp	Fill	Typical
Construction, end/inch	D3775-12	17.0+/-0.5	17.0+/-0.5	
Weight, oz/yd ²	D3776-09	--	--	7.1
Weight, g/m ²	D3776-09	--	--	240.7
Tensile Strength (grab), lbf/daN	D5034-09	273.3/121.6	339.4/151	
Tensile Strength (Strip), lbf/daN	D5035-11	100.9/44.9	116.1/51.6	
Tear Strength, (Trapezoidal), lbf/daN	D5733	28.2/12.5	25.7/11.4	
Elongation, %	D5035-11	21.5	29.9	
Abrasion Resistance (CS10/500 cycles/ with no added weight)	D3884-09	No exposure of core yarn		
Flammability Rating		CA TB 117-2013		
Weatherability, 1200 hours	G154	Trace discoloration		
Mildew Resistance	G21-13	No Growth		
Thickness, inches/mm	D1777-96	0.022"/0.5588mm		

VALIDATION REPORT No. 394953

this document is based on test report No. 357999
dated 24 January 2019 issued by Istituto Giordano

Customer

TECHNOSHADE SAL

Item*

**awning with lateral guiderail with fabric running into the guides
and without tension system named
"TechnoFly-150 with TechnoFlyMesh"**

Activity

**resistance to wind load in accordance with clause 7.4
of standard UNI EN 1932:2013 with test parameters
and evaluation of results in accordance with standard
UNI EN 13561:2015**

Results

Test type	Test standard	Classification standard	Class
Resistance to wind load	UNI EN 1932:2013	UNI EN 13561:2015	6

(*) according to that stated by the customer.

Control Options:

- 1) Wired Wall Switch (fixed or momentary position)
- 2) Wireless Radio Wall Switch
- 3) Hand Held Radio Transmitter (Remote Control)
- 4) Dual Radio Control 2+3: Wireless Radio Wall Switch + Hand Held Radio Transmitter
- 5) **Dual Mixed Control 1+3: Wired Wall Switch + Hand Held Radio Transmitter**
- 6) Timer Control
- 7) Wind Control
- 8) Smart Phone Control
- 9) Full Home Automation
- 10) Full Sun Tracking Automation.

Option 5:

We have selected. In this brochure, the 5th Control Option, being the most practical and cost effective for both residential and commercial projects.

5 or 15 channels

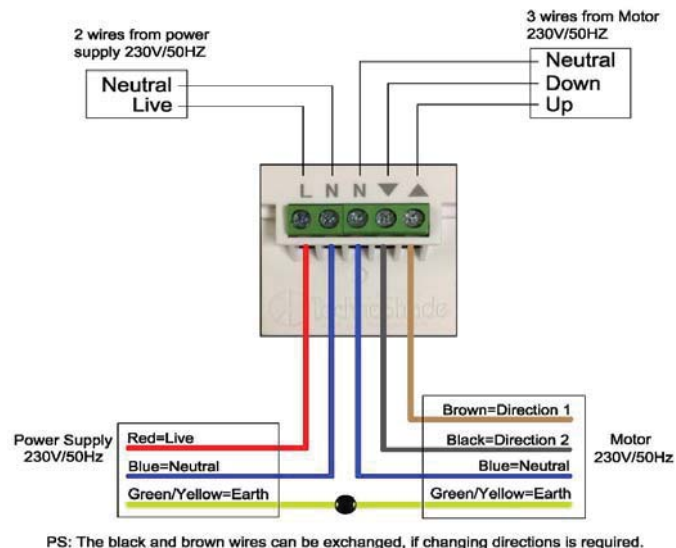

wired wall switch with built-in radio receiver

compatible with most existing fixtures

Dual Mixed Control: wired + radio

Dual Mixed Control: wiring

Through an overall approach to Sustainable Development, combining “**bioclimatic principles**” with both comfort to the occupant and refined Architecture, TechnoShade is a leading company involved in ***Sustainable Architecture*** through providing a variety of ***Smart Window Solutions***.

Our **Automated** Roller Shades, our **Smart** Roller Shutters and our **Aesthetic** Louvers are all “**energy-efficient**” Architectural elements that are dedicated to form a “**dynamic façade**” and contribute in optimizing the energy performance of a building.

TechnoShade has a 20-year experienced team following up all the different phases of making a smart building: from preliminary design to execution details followed by implementation and configuration.

TechnoShade has contributed in the realization of many projects in different applications such as residential towers, hospitals, administrative buildings, universities, hotels, among them many are **LEED** certified.
